

## **RBI visit of GNIMS B School**

MMS and PGDM second year Finance students visited RBI on 6<sup>th</sup> Sept, 2017 and 15<sup>th</sup> Sept, 2017. The main objective behind the visit was to make students aware about practical facts related to financial markets and give them feel of real time issues occurs in the market.

There was an opportunity to interact with Mr. Kartik, Head of Financial Inclusion and Development Department and Mr. Pranay from Currency Issue Department. It was great to know from Mr. Kartik on various issues such as aspects considered to design monetary policy, inflation trends, real time issues behind high NPAs etc as well as Mr. Pranay addressed on calculations behind currency printing and entire currency management of the economy.

Both sessions were very interactive and knowledge oriented. Students came to know about many real-time facts and figures about financial markets. We look forward for more such visits in future.
